# A STUNNING RANGE FOR A COLOURFUL WORLD

A WORLD WITHOUT COLOUR IS UNIMAGINABLE

Our Never Ending Impressions collection, developed by the AkzoNobel Global Aesthetics Center, offers excellent protection with naturally beautiful colour possibilities, including a full spectrum of harmoniously balanced translucent colours. It offers complete design freedom to achieve your customer's vision.

Sikkens Wood Coatings stands for know-how and development expertise around the world. We set the highest standards of our coating systems for wooden components: a high level of protection even under intense demands, simple processing and a sophisticated combination of effectiveness and ecological compatibility. All this in colours that underline the natural beauty and allure of the wood.

We are continually developing our Never Ending Impressions collection to suit changes in tastes and in close cooperation with our customers. From subtle tones to vivid hues, its harmoniously balanced colours offer a fascinating scope for creative expression for all semi-stable and non-stable wooden components, including wood and aluminium windows. Powerful benefits that have convinced major customers such as Walt Disney and McDonald's.

Key benefits of the Never Ending Impressions collection:

- Large range of unique, intensive colours
- Colours are harmoniously matched to one another
- Available worldwide
- Continual development to reflect changing tastes and customer preferences
- Also suitable for wooden aluminium windows
