EXTRALIFE

Warranty with expanded coverage

WARRANTY

AkzoNobel

YOUR WARRANTY WITH EXTRAS

Cracking, blistering, flaking, chalking – painted wooden elements can suffer from an array of different defects.

Warranty claims can incur significant costs, especially after installation. Good to know that we have expanded our warranty program. With Wood Extralife, door, window and cladding manufacturers can enjoy peace of mind for up to 12 years for opaque systems and 7 years for translucent systems.

Developed with you in mind

Our experts begin by looking at your production facilities and processes to determine your eligibility for the warranty program. On approval, AkzoNobel develops a warranty agreement with you – at no additional cost. The contract covers a range of typical manufacturing defects should they appear in products using Sikkens Wood Coatings systems.

Broader coverage

With Wood Extralife, we have expanded warranty coverage not only to include cladding elements, but also in terms of the systems used. In most cases, contracts only require an annual inspection of your facilities by our technicians.

In some cases, Wood Extralife can also be modified to suit manufacturers' specific needs. Talk to your Sikkens Wood Coatings partner about possible customisation options.

A promise you can keep

Wood Extralife enables you to promise excellent quality to your customers. It covers doors, windows and cladding manufactured using a broad range of systems and a wide spectrum of different hardwoods and softwoods used across the EMEA region.

The warranty, which is available throughout EMEA, gives you financial security in the event of claims due to cracking, blistering, flaking or chalking, as measured according to established industry standards. It all adds up to an outstanding business proposition: peace of mind and financial security for you and your customers.

Clear and measurable industry standards

Nature of decay measurement	Method	Limit
Blistering	ISO 4628-2	≤ 2 (S3)
Cracking	ISO 4628-4	≤ 3
Flaking	ISO 4628-5	≤ 3
Chalking	ISO 4628-6	≤ 3

UP TO 12 YEARS COVER FOR WINDOWS DOORS AND CLADDING

OPAQUE SYSTEMS

TRANSLUCENT SYSTEMS
